Van Wagenen Hockey Tournament

Hosted by AANS' Former Van Wagenen Fellows

January 27-28, 2024 / Minneapolis, MN

Time to dust off your skates! Please join us for the 1st Annual Van Wagenen Hockey Tournament at the 3M Marucci rink.

Saturday, January 27th is **Hockey Day Minnesota** - a holiday dedicated to celebrating hockey across Minnesota! Attendees are invited to Dr. Grande's home in the afternoon to watch this televised event and play some pond hockey, and to then join him at the Minnesota Wild game that evening.

The tournament puck drops Sunday, January 28th at 11am and will last until 3pm at 3M Marucci rink. Participants will be expected to provide their own hockey gear. Pucks and referees will be provided. Further details will be released to those who confirm their attendance.

There is no entry fee for the tournament. Donations are most welcome! Net proceeds will support the **William P. Van Wagenen Fellowship** through the **Neurosurgery Research & Education Foundation** (NREF), the philanthropic arm of the **American Association of Neurological Surgeons** (AANS).

The William P. Van Wagenen Fellowship

In partnership with American Association of Neurological Surgeons

The Van Wagenen Fellowship provides neurosurgical residents interested in studying abroad a unique professional opportunity with a program designed to give freedom in scientific development without the restrictive limitations imposed by many research grants and fellowships.

Do you wish to attend the event?

☐ **Yes** ☐ **I am unable to attend, please accept my donation instead:** ☐ **$100** ☐ **$250** ☐ **$500** ☐**Other $_____**

Payment Methods

Credit Card ○ AMEX ○ Visa ○ MasterCard

Acct # _____ Exp Date _____ CVV _____

For More Information

Event Logistics Contact Dr. Andrew Grande at grande@umn.edu or 612.803.0121 for event info.
RSVP Send a copy of this form to Ella Schneider at eschneider@nref.org indicating whether you would like to attend or donate. This will serve as your RSVP.

The Neurosurgery Research & Education Foundation (NREF) is dedicated to providing education to neurosurgeons at all stages of their careers, as well as funding research into new and existing neurosurgical treatments, in order to identify links between best practices and improved outcomes in patient care. Through voluntary public donations, corporate support and donations from allied groups, the NREF supports endeavors that improve the lives of those suffering from neurological disorders. Your donation can be directed toward a specific cause, subspecialty or valued mentor.
