The **Neurosurgery Research & Education Foundation** (NREF) is dedicated to providing education to neurosurgeons at all stages of their careers, as well as funding research into new and existing neurosurgical treatments, in order to identify links between best practices and improved outcomes in patient care. Through voluntary public donations, corporate support and donations from allied groups, the NREF supports endeavors that improve the lives of those suffering from neurological disorders. Your donation can be directed toward a specific cause, subspecialty or valued mentor.
